

# Accessories and Options

Accessories allow you to modify your desk with casters, keyboard trays, CPU racks, and other items to add comfort and convenience. Be sure to ask about the accessories when ordering, since not all accessories are compatible with all of our furniture.

**KBD-100**  
Pullout Keyboard Drawer

**KBD-110**  
Pullout Keyboard Drawer & Mouse Surface

**KBD-120** (pictured)  
Pullout Keyboard Drawer, Mouse Surface, & Pencil Tray

This drawer features a palm rest, and multi-position keyhole mounting brackets that allow a variety of heights of installation. Ball bearing slides for easy opening and closing. Keyboard platforms will reduce leg space under desks.

**KBT-300**  
Keyboard Tray and Mouse Pad

Simply lift the keyboard tray to desired height, press down to lock into place and within seconds your keyboard is at the perfect height. A tilt mechanism has been added for maximum wrist comfort. This tray is constructed from all steel and features 3 zones of comfort for unique height settings. Keyboard platforms will reduce leg space under desks.

**LTD-500**  
Locking Laptop Drawer (pictured)

**LTD-538**  
Locking Laptop Drawer with Mouse Pad

This is a safe storage area for oversized laptops and notebooks. Constructed from 16 gauge metal in a standard black finish. Ball bearing, 16" full extension drawer slides for smooth rolling action and spacious cord management. Locking mechanism mounts on either the right or left side, 2 keys are included. Drawer platforms will reduce leg space under desks.

**PD-300**  
Locking Pelican Drawer

This locking pelican drawer is 19.25"W x 23.75"D. Its front section features a multi-compartment organizer. The rear section has a 10"D compartment perfect for securing a laptop, tablet, purse, or other valuables. Drawer will reduce leg space under desks.

**PD-200** (pictured)  
Pencil and Paper Drawer

This pencil drawer is 22.75"W x 21"D. Made with ball bearing metal glides and a multi-compartment plastic base. Drawer will limit leg space under desks.

**PD-100**  
Drop-In Pencil Tray

The 5 compartment plastic organizer tray drops into an existing drawer. Dimensions are 13"W x 5.75"D x 1"H.

**DTCPU-400**  
Swivel/Slide CPU Holder

The swivel CPU rack attaches to the underside of a work surface and accommodates most towers. A locking steel clamp secures the CPU into place on all sides. The CPU slides in and out on a glide track that can support up to 45 lbs. This CPU can rotate 360 degrees for access to the rear of the CPU. CPU holder will reduce leg space under desks.

**DTCPU-200**  
Stationary CPU Rack

Our in-house made secure CPU holder elevates your computer providing more floor and workspace. It is constructed from a sturdy 12 gauge steel mount that attaches to the side of a cabinet holding the CPU in place with Velcro straps. CPU holder will reduce leg space under desks.

**DTFPM-100**  
Flat Screen Monitor Arm

Simple adjustment with 360 degree swivel and extended arm, makes this an easy, and cost effective choice. Model includes both clamp and grommet mount.

**DXMA-100** (Single Monitor)

**DXMA-200** (Double Monitor)

**DXMA-300** (Triple Monitor)

Our deluxe line of multi-pivot monitor arm components are made of aluminum alloy castings that have a stylish look and feel. Optimize your viewing angle, focal depth and monitor height with a wide range of motion. Comes standard with a sturdy clamp mount.

**COM-200** (pictured)  
Surface Comport Mount

**COM-300**  
Edge Comport Mount

The communication mounts are a simple solution for power and data access. 2 power receptacles and choice of RJ45, RJ11, or USB data jacks. An Access door conceals receptacles when closed and conveniently slides out of site when open.

**E-8W**

Our multi-configuration 8 wire electrical system is a multi-circuit, 8 wire power system built for ultimate capacity and field reliability; a powerful solution that has become an office furniture industry standard.

**PS-150M** (Metal)

**PS-150P** (Plastic)

6 Outlet Power Strip. Lighted on/off switch and 15A breaker with reset. UL listed.

**PA-48AL**  
8 Outlet Power Apron

Aluminium housing. Lighted on/off switch and 15A breaker with reset. Clamp mounted. UL listed.

**PS-15USR**  
Surge Protected Power Strip

The 12-outlet power strip features an 8' cord and a 4320 joule energy rating that provides superior power protection. 8 rotating and 4 stationary surge-protected outlets provide convenience and flexibility; 1-in, 2-out RJ11 telephone/fax surge protection and coaxial protection.

**REL-100**  
Retractable Power Cord Reel

Getting power to your mobile carts just got easier. Our reel has a 30' retractable cord and 3 grounded outlets, rated at 125V/10A/1250W.

**CSTR-4**  
Stem Caster with Brake

Nylon casters offer designer styling combined with economy. Independent wheel rotation adds to its already high controlled mobility from deep pile carpeting to slick tile. Available in 4".

**AL-PR**  
Mobile Parallel Straight Edge

Nylon rollers are mounted to the blade giving this straightedge frictionless movement. The rollers retract on touch, securing the blade for accurate drawing. Acrylic edges are elevated to prevent ink smears. Sized according to workstation drafting board.

**AL-VB**  
Green/Cream board covers

This Borco Board is the perfect stain-resistant work surface. Compass points, tacks and hard pencil impressions will not mar this VYCO-protected surface as a self-sealing will recover almost immediately. Preserves and protects the drawing surface and will not deteriorate, discolor or crack. Sized according to workstation drafting board.

### STRLED-18, 24, 36

#### LED Task Lighting

Convenient energy saving task lighting options. Metal body construction with on/off switch located on the fixture. Light operates on 120v. 9' long power cord and mounting hardware included. Comes in 18", 24", or 36" size options.

### STRFLO-24, 36, 48

#### Fluorescent Task Lighting

Easy to mount, these light strips come with an on/off switch and a white ribbed acrylic lens. Housing is metal with a white finish and has two mounting slots (mounting hardware included). Lights operate on 120 VAC. 5' cord and three-prong plug are standard. Comes in 3 different sizes, 24", 36", and 48".

### PC Hanging Storage Cabinets

The PC hanging cabinets mount on the underside of the work surface for additional and secure storage. Constructed of 18 gauge steel with ball bearing drawer glides. Cylinder style locks are keyed alike and keep your contents safe and secure.

Model Number	Description	Size
PC-5030	Single Door	16"W x 16"H x 20"D
PC-5330	Two Drawer	16"W x 16"H x 20"D
PC-5230	Three Drawer	16"W x 16"H x 20"D
PC-5130	Four Drawer	16"W x 16"H x 20"D

COM-200 - Data and Power Port

Transform your office and classrooms with hutches, carrels, returns, and risers that will add new functionality and extra storage to your workspace.

**\*Be sure to ask about the options when ordering, since not all options are compatible with all of our furniture. Contact dealer for more information.**

## Carrels

Adding a carrel to our single stations is ideal for testing or training environments. Several options are available to help fit your needs. The clear view plexi back option allows for teachers to visually monitor students during testing. A keyboard holder can be attached to the inside of the privacy panel, giving students more room to write when not in use. CPU holders can also be added.

Carrels are ordered as a complete assembly (Top, side panels and back panel). Retrofitting an existing desk will require replacing the original top.

Available in 12", 18", and 24" heights.

## Hutches

Hutches are great for open and concealed storage in a space saving vertical design. Constructed from 3/4" laminate it will look great with any instructor station. The hutches are offered with doors, just shelving or a combination of both. Under cabinet lights and tack board panels can be added for additional options. Just a few different ways to personalize your office to what suits your needs and your budget.

## Upper Work Surface Riser Shelf

The addition of a work surface riser shelf easily adds valuable desktop space to any workstation. The risers height and depth can be customized to best fit your work areas needs. Risers can be made in an open design or enclosed for added privacy. Adding risers not only gives you added desk space, it also gives more options for adding lighting, power, and data accessories.

## Workstation Returns

Returns are perfect for doubling your work surface without taking up a lot of room. They attach easily to an existing single instructor desk to create an L shape configuration. The return also allows mounting of additional under worksurface storage cabinets.
